Kathy,

I just forwarded to you the budget request for this IA, that I had sent to Ben. I believe he was supportive of my working on the sites you mentioned, as well as SBA Shipyards in LA. I assume the Donna money is a different color (removal) compared to the other (remedial).

Barry

Subject: FW: Information request to open a new FWS DM

Importance: High

Hello All: It seems this IA will now proceed. Please read below and provide me (again) the funding amounts and sites that I will need to put on the amendment for the F&W IA. As I have been trying to amend this IA since March with no luck until now, I would appreciate if you would give me your information again. If memory serves me, Katrina needs \$25,000 for Tar Creek OU-5. Mike needs funding for Donna Canal in the amount of \$34,000.... Kenneth needed \$10,000 for Star Canal. Barry, how much funding for salary and any other sites you know you will be working on?? As noted, I need to get this info back to DC as quickly as possible.

Thank you.

Kathy

Subject: Information request to open a new FWS DM

Ladies and Gentlemen,

I am writing to you and requesting:

1. Will your Region be adding funds?
2. How much does the Region want to add?
3. Do you currently have this information or will there be a delay?

As of this date, the next Amended DM for could be started as soon as next week. (*No Promises.*)

With the information from you quickly, I will be able to workflow the requests for your CNs the the same day I create the DM.

Thanks in advance for your cooperation.

Mary Beth
